Good Morning,

We would like to take this time to share some additional insight to Governor Wolfe's recent Executive Order issuing a new reporting requirement for Dentists. The order reflects that all Pennsylvania Health Care Providers and other Health Care Professionals are to report their inventories of personal protective equipment (PPE) to the state. This required compliance is to be completed by **Thursday April 16th by 11:59 PM.** To address the state wide shortage of PPE impacted by the COVID-19 crisis, medical professionals must comply promptly. Below is a brief summary of the requirements of the Governor's order.

- All health care providers, including Dentists, suppliers, and manufacturers of PPE **must** report their current inventory of PPE. **Even if your office is currently closed.**
- Reporting deadline **is Thursday, April 16th by 11:59PM.**
